LGBT HEALTH CARE

The National LGBT Health Education Center: The National LGBT Health Education Center provides educational programs, resources, and consultation to health care organizations with the goal of optimizing quality, cost-effective health care for lesbian, gay, bisexual, and transgender (LGBT) people.

<http://www.lgbthealtheducation.org/>

American Medical Association: Resources and Literature for Clinicians on LGBT Health Topics

<http://www.ama-assn.org/ama/pub/about-ama/our-people/member-groups-sections/glb-advocacy-committee/glb-resources/lgbt-health-resources.page>

The Joint Commission: This field guide from The Joint Commission urges U.S. hospitals to create a more welcoming, safe and inclusive environment that contributes to improved health care quality for lesbian, gay, bisexual, and transgender (LGBT) patients and their families. The Field Guide features a compilation of strategies, practice examples, resources, and testimonials designed to help hospitals in their efforts to improve communication and provide more patient-centered care to their LGBT patients.

TRANS SPECIFIC HEALTH CARE

The World Professional Association for Transgender Health: The World Professional Association for Transgender Health (WPATH), formerly known as the (Harry Benjamin International Gender Dysphoria Association (HBIGDA), is a 501(c)(3) non-profit, interdisciplinary professional and educational organization devoted to transgender health. Our professional, supporting, and student members engage in clinical and academic research to develop evidence-based medicine and strive to promote a high quality of care for transsexual, transgender, and gender-nonconforming individuals internationally.

www.wpath.org

The Center of Excellence for Transgender Health: University of California San Francisco's Center of Excellence has guidelines for primary care and gender affirming care, as well as multiple resources for transgender patients and providers alike.

transhealth.ucsf.edu

The Fenway Institute's National LGBT Health Education Center: The Fenway Health Transgender Health Program (THP) produced these protocols for clinicians in primary care settings to best serve their transgender patients. The mission of Fenway Health is to enhance the wellbeing of the lesbian, gay, bisexual, and transgender communities and all people in our neighborhood and beyond. As part of that larger mission, the THP seeks to promote and support knowledgeable and comprehensive care to transgender and gender-nonconforming (TGNC) persons in an environment that is comfortable, safe, and affirming.
